# South West Lakes Trust

South West Lakes Trust was formed in 2000 to manage the conservation, public access and recreation on over 40 inland water sites throughout Cornwall, Devon and West Somerset.

The lakes of the south west offer something for everyone, from enjoying a relaxing walk to getting active on the water.

Here at Roadford Lake we have an activity centre and campsite, forest trails, Brown Trout fishing and a local nature reserve. The Lakeside building hosts many weddings and conferences throughout the year.

Roadford Lake, named after Roadford Cottage, impounded the River Wolf in 1989. When full, this 740 acre reservoir holds over 36,000 mega litres of water that supplies Plymouth, South West Devon, North Devon and North East Cornwall.

Thank you for visiting, we hope you enjoy your experience and come again soon.
